START A NEW JOURNEY

F/W 2022

Suntre3 proudly presents in-house hand-woven fabric design using 100% cotton. We took a contemporary stake on three techniques of “Had Siew” fabric from Thai Puan Tribe in Sukhothai province, these are Jok, Yok and Khen. Our signature fabric presents new graphical weave patterns and coloured stripes featuring a modern and sporty look, shifting a local material towards elegant, luxurious and upmarket product. SUNTRE3 revives the ‘Second Soul’
